

使用 `sudo` 以超级用户身份运行命令

内容

了解 `sudo` 的基本概念，以及如何以普通用户的身份使用它。

原因

某些命令需要管理员特权。要以管理员权限运行某个命令，可以使用 `sudo` 命令。

工作量

读完本文最多需要 20 分钟。如果您有具体的问题，可以直接跳转到相应章节。

目标

了解 `sudo` 的基本概念，并可以针对某些应用场景使用 `sudo` 运行命令。

要求

- `root` 或 `sudo` 特权。仅当您是系统管理员时，才拥有这些特权。有关详细信息，请参见第 1 节 “`sudo` 基本概念”。
- 需要安装 `sudo` 软件包。SUSE Linux Enterprise Server for SAP Applications 上默认会提供该软件包。

出版日期：2026 年 04 月 23 日

目录

- 1 **sudo** 基本概念 3
- 2 运行以 **sudo** 开头的命令 4
- 3 常见 **sudo** 命令 5
- 4 **sudo** 与 **su** 的区别 8
- 5 法律声明 9
- A GNU Free Documentation License 10

1 **sudo** 基本概念

了解 **sudo** 的基本概念及其在 SUSE Linux Enterprise Server for SAP Applications 系统上的工作原理。

sudo 是一个 Linux 命令，用于暂时以另一用户的身份执行程序。它是 **substitute user and do** 的缩写，借用另一用户（例如 **root** 用户）的特权。这样，**sudo** 便可以帮助您完成系统管理任务，且无需以 **root** 身份登录。

1.1 Linux 系统上的 **sudo** 概述

作为 Linux 上的普通用户，您拥有的权限已被缩减，但足以完成大多数任务。**root** 用户是 Linux 超级用户，其身份相当于管理员。

sudo 允许指定的（非 **root**）用户或一组用户运行特权任务，例如以 **root** 或另一用户的身份调用系统函数。通过配置文件，系统管理员可以控制哪些用户有权针对哪些任务运行 **sudo** 命令。

1.2 SUSE Linux Enterprise Server for SAP Applications 系统上的 **sudo**

出于安全考虑，所有 SUSE Linux Enterprise Server for SAP Applications 系统都将普通用户与 **root** 用户区分开来。作为普通用户，您无法写入到系统目录，也无法安装程序。任何有权访问 **root** 口令的用户都可以获取相关特权，然后可能意外或恶意地破坏系统。

例如，您以普通用户身份登录，并意外地浏览到某个恶意网站。攻击者无法偷偷地在您的系统上安装恶意软件，因为您是以普通用户身份登录的，这意味着您不拥有任何管理权限。

如前所述，出于安全原因，不建议一直以 **root** 用户身份登录。较为安全的做法是始终以普通用户身份登录，并运行以 **sudo** 开头的受限命令。

注意：**sudo** 需要管理员权限

在您设置了自己的 **root** 口令的单用户计算机上，您拥有使用 **sudo** 命令管理系统以及自行配置 **sudo** 设置所需的权限。

有关如何配置 **sudo** 的详细信息，请访问 <https://documentation.suse.com/smart/systems-management/html/sudo-configure-superuser-privileges/index.html>。

在多用户环境中（例如在公司中），**sudo** 特权由系统管理员管理，并且可以限制 **root** 用户的权限。即使使用 **sudo** 执行命令，您也可能无法更改某些系统目录或文件。

1.3 **sudo** 的工作原理

运行以 **sudo** 开头的命令时，系统会要求您输入 **root** 帐户的口令。成功完成身份验证后，将以超级用户特权执行该命令。

根据 **sudo** 配置，提升的特权会保留特定的一段时间，直到您在同一终端会话中的操作结束为止。如此，在运行另一个 **sudo** 命令时，您无需再次提供口令。

要使用 **sudo** 运行命令，请使用以下语法：

```
> sudo [command]
```

2 运行以 **sudo** 开头的命令

作为普通的用户，您可以在命令前加上 **sudo** 来以 **root** 身份运行任何命令。系统会提示您提供 **root** 口令。如果成功完成身份验证，便会以 **root** 身份运行命令。

运行以 **sudo** 开头的命令时，系统会要求您输入 **root** 帐户的口令。成功完成身份验证后，将以超级用户特权执行该命令。

根据 **sudo** 配置，提升的特权会保留特定的一段时间，直到您在同一终端会话中的操作结束为止。如此，在运行另一个 **sudo** 命令时，您无需再次提供口令。

过程 1：运行以 **sudo** 开头的命令

以下过程说明如何使用 **sudo** 命令将文件复制到只有 **root** 用户有权编辑的目录。

1. 打开终端并使用以下命令创建测试文件：

```
> touch test.txt
```

2. 尝试使用以下命令将文件复制到 **/usr/local/bin/** 目录中：

```
> cp test.txt /usr/local/bin
```

终端会返回类似如下的消息：

```
cp: cannot create regular file '/usr/local/bin/test.txt': Permission denied
```

如果未向 **sudo** 授予所需的特权，则也会出现此消息。

3. 现在，输入以 **sudo** 开头的同一命令：

```
> sudo cp test.txt /usr/local/bin
```

4. 系统会提示您输入 **root** 口令。请注意，在输入过程中既不会显示明文口令，也不会显示屏蔽字符形式的口令。

```
[sudo] password for root:
```

5. 成功完成身份验证后，测试文件将复制到 /usr/local/bin。

您已运行第一个 **sudo** 命令。

3 常见 **sudo** 命令

在任一命令的前面加上 **sudo**，可以使用提升的权限运行该命令。您还能以另一用户的身份运行命令，并使用该用户的环境变量。

本章提供通常需要管理特权的常见命令的示例。

使用 **sudo** 重复上一个命令

要以管理员身份重复上一个命令，请运行 **sudo !!** 并输入口令。例如，没有管理特权的用户无法在 /etc/ 目录下创建目录。要创建目录，请运行 **sudo !!**。

```
> mkdir /etc/test/
mkdir: cannot create directory '/etc/test/': Permission denied

> sudo !!
sudo mkdir /etc/test/
```

```
[sudo] password for root:

> ls -alrt /etc | grep test
drwxr-xr-x 1 root root          0 Apr 20 12:48 test
```

使用 `sudo` 和 `zypper` 管理软件包

要以管理员身份运行软件包管理命令，请在该命令的前面加上 `sudo`：

```
> sudo zypper [--GLOBAL-OPTIONS] <COMMAND> [--COMMAND-OPTIONS] [ARGUMENTS]
```

例如，要从官方软件包储存库安装 Docker CE 容器化平台，请使用 `sudo` 运行以下命令：

```
> sudo zypper addrepo https://download.docker.com/linux/suse/docker-
ce> sudo zypper refresh> sudo zypper search docker-ce> sudo zypper install
docker-ce
```

对于不会修改系统的 `zypper` 命令，您无需在其前面加上 `sudo`；此外，无需提供对信息的访问特权。例如，无需使用 `sudo` 即可列出系统上已安装软件包的储存库：

```
> zypper lr
```

使用 `sudo` 和 `systemctl` 管理系统服务

在使用 `systemd` 管理服务的系统中，您可以将 `systemctl` 命令与 `sudo` 结合使用。例如，要重启 NetworkManager 服务，请运行：

```
> sudo systemctl restart NetworkManager
```

对于不会修改系统的 `systemctl` 命令，您无需在其前面加上 `sudo`；此外，无需提供对信息的访问特权。例如，无需使用 `sudo` 即可显示网络管理器的状态：

```
> systemctl status NetworkManager
● NetworkManager.service - Network Manager
   Loaded: loaded (/usr/lib/systemd/system/NetworkManager.service;
   enabled; vendor preset: disabled)
   Drop-In: /usr/lib/systemd/system/NetworkManager.service.d
            └─NetworkManager-ovs.conf
   Active: active (running) since DAY YYYY-MM-DD HH:MM:SS TIMEZONE; 1h
   21min ago
     Docs: man:NetworkManager(8)
   [...]
```

使用 `sudo` 和 `usermod` 修改用户帐户

要运行 `usermod` 命令来修改用户帐户，请使用：

```
> sudo usermod [OPTION] USERNAME
```

例如，要将口令失效后永久禁用用户帐户 `tux` 的天数设置为 `30`，请运行：

```
> sudo usermod --inactive 30 tux
```

使用 `sudo` 和 `chown` 修改文件和目录所有权

要将文件和目录所有权从当前所有者更改为新所有者，请使用：

```
> sudo chown [OPTION] [OWNER:[GROUP]] FILE
```

例如，要向 `tux` 授予 `/home/test/tux-files` 目录中各文件和子目录的所有权，请运行：

```
> sudo chown tux /home/test/tux-files/ --recursive
```

可以运行以下命令来测试所有权更改：

```
> ls -alrt /home/test/tux-files/ --recursive
```

以另一用户的身份使用 `sudo -s` 运行命令

您无需使用 `su` 命令切换到另一用户，然后再运行命令，而是可以直接使用 `sudo -s` 命令。`sudo -s` 命令运行的外壳继承当前用户的环境。`sudo -s` 命令还提供了一些特权控制措施。

要以另一用户的身份运行命令，请使用：

```
> sudo -s -u USERNAME COMMAND
```

默认情况下，该命令从前一用户的目录运行，因为目标用户会继承前一用户的环境。

例如，要以目标用户 `tux` 的身份以递归方式列出 `/home/test/tux-files/` 目录的文件和子目录，请运行：

```
> sudo -s -u tux ls -alrt /home/test/tux-files/ --recursive
```

当您以另一用户的身份使用 `sudo -s` 方法运行某个命令时，该命令将记录到您的历史中。

以另一用户的身份使用 `sudo -i` 在干净的环境中运行命令

使用 `sudo -s` 命令时，目标用户将继承前一用户的环境。您可以使用 `sudo -i` 命令来防止出现这种情况，运行此命令后，目标用户将获得一个干净的环境，并可以在他们自己的 `$HOME` 目录开始工作。

要以另一用户的身份在干净的环境中运行命令，请使用：

```
> sudo -i -u USERNAME COMMAND
```

`sudo -i` 命令将外壳作为目标用户的交互式登录外壳运行。因此，我们开发了一些外壳启动脚本，例如 `.profile` 和 `.bash_profile` 文件。

例如，要以 `tux` 身份列出 `/home/test/tux-files/` 目录的文件和子目录，请运行以下命令：

```
> sudo -i -u tux ls -alrt /home/test/tux-files/
```

当您以另一用户的身份使用 `sudo -i` 方法运行某个命令时，该命令将记录到您的历史中。

4 `sudo` 与 `su` 的区别

了解 `sudo` 和 `su` 命令的区别及其使用时机。

在 Linux 系统上，您可以在命令的前面加上 `sudo` 或 `su`。这两种形式都允许您以 `root` 身份执行命令。

4.1 `sudo` 命令的特征

- `sudo` 允许您以 `root` 身份运行命令。根据配置，它不要求您输入 `root` 口令，而只需输入用户的口令。这样，就不需要与所有其他（普通）用户共享敏感信息。
- 使用 `sudo` 配置文件，系统管理员可以控制允许哪些用户使用 `sudo` 并仅限将其用于特定的任务。

- **sudo** 将口令缓存特定的一段时间。在此期限之后，当您运行另一个 **sudo** 命令时，系统会再次提示您输入口令。
- 所有使用 **sudo** 执行的命令会单独记录。日志文件会跟踪日期和时间、运行命令的用户以及命令本身。

4.2 su 命令的特征

- **su** 允许您以 **root** 身份运行命令，但您必须知道 **root** 口令。
- 无法将它配置为仅限特定的用户访问或仅限用于特定的任务，以及提升知道 **root** 口令的任何用户的特权。
- 将提升用于整个终端会话的特权。只要您不退出会话，系统就不会再次提示您输入口令。
- 使用 **su** 执行的命令不会单独记录，因为只能使用用户帐户记录所有操作。

A GNU Free Documentation License

Copyright (C) 2000, 2001, 2002 Free Software Foundation, Inc. 51 Franklin St, Fifth Floor, Boston, MA 02110-1301 USA. Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

0. PREAMBLE

The purpose of this License is to make a manual, textbook, or other functional and useful document "free" in the sense of freedom: to assure everyone the effective freedom to copy and redistribute it, with or without modifying it, either commercially or non-commercially. Secondly, this License preserves for the author and publisher a way to get credit for their work, while not being considered responsible for modifications made by others.

This License is a kind of "copyleft", which means that derivative works of the document must themselves be free in the same sense. It complements the GNU General Public License, which is a copyleft license designed for free software.

We have designed this License to use it for manuals for free software, because free software needs free documentation: a free program should come with manuals providing the same freedoms that the software does. But this License is not limited to software manuals; it can be used for any textual work, regardless of subject matter or whether it is published as a printed book. We recommend this License principally for works whose purpose is instruction or reference.

1. APPLICABILITY AND DEFINITIONS

This License applies to any manual or other work, in any medium, that contains a notice placed by the copyright holder saying it can be distributed under the terms of this License. Such a notice grants a world-wide, royalty-free license, unlimited in duration, to use that work under the conditions stated herein. The "Document", below, refers to any such manual or work. Any member of the public is a licensee, and is addressed as "you". You accept the license if you copy, modify or distribute the work in a way requiring permission under copyright law.

A "Modified Version" of the Document means any work containing the Document or a portion of it, either copied verbatim, or with modifications and/or translated into another language.

A "Secondary Section" is a named appendix or a front-matter section of the Document that deals exclusively with the relationship of the publishers or authors of the Document to the Document's overall subject (or to related matters) and contains nothing that could fall directly within that overall subject. (Thus, if the Document is in part a textbook of mathematics, a Secondary Section may not explain any mathematics.) The relationship could be a matter of historical connection with the subject or with related matters, or of legal, commercial, philosophical, ethical or political position regarding them.

The "Invariant Sections" are certain Secondary Sections whose titles are designated, as being those of Invariant Sections, in the notice that says that the Document is released under this License. If a section does not fit the above definition of Secondary then it is not allowed to be designated as Invariant. The Document may contain zero Invariant Sections. If the Document does not identify any Invariant Sections then there are none.

The "Cover Texts" are certain short passages of text that are listed, as Front-Cover Texts or Back-Cover Texts, in the notice that says that the Document is released under this License. A Front-Cover Text may be at most 5 words, and a Back-Cover Text may be at most 25 words.

A "Transparent" copy of the Document means a machine-readable copy, represented in a format whose specification is available to the general public, that is suitable for revising the document straightforwardly with generic text editors or (for images composed of pixels) generic paint programs or (for drawings) some widely available drawing editor, and that is suitable for input to text formatters or for automatic translation to a variety of formats suitable for input to text formatters. A copy made in an otherwise Transparent file format whose markup, or absence of markup, has been arranged to thwart or discourage subsequent modification by readers is not Transparent. An image format is not Transparent if used for any substantial amount of text. A copy that is not "Transparent" is called "Opaque".

Examples of suitable formats for Transparent copies include plain ASCII without markup, Texinfo input format, LaTeX input format, SGML or XML using a publicly available DTD, and standard-conforming simple HTML, PostScript or PDF designed for human modification.

Examples of transparent image formats include PNG, XCF and JPG. Opaque formats include proprietary formats that can be read and edited only by proprietary word processors, SGML or XML for which the DTD and/or processing tools are not generally available, and the machine-generated HTML, PostScript or PDF produced by some word processors for output purposes only.

The "Title Page" means, for a printed book, the title page itself, plus such following pages as are needed to hold, legibly, the material this License requires to appear in the title page. For works in formats which do not have any title page as such, "Title Page" means the text near the most prominent appearance of the work's title, preceding the beginning of the body of the text.

A section "Entitled XYZ" means a named subunit of the Document whose title either is precisely XYZ or contains XYZ in parentheses following text that translates XYZ in another language. (Here XYZ stands for a specific section name mentioned below, such as "Acknowledgements", "Dedications", "Endorsements", or "History".) To "Preserve the Title" of such a section when you modify the Document means that it remains a section "Entitled XYZ" according to this definition.

The Document may include Warranty Disclaimers next to the notice which states that this License applies to the Document. These Warranty Disclaimers are considered to be included by reference in this License, but only as regards disclaiming warranties: any other implication that these Warranty Disclaimers may have is void and has no effect on the meaning of this License.

2. VERBATIM COPYING

You may copy and distribute the Document in any medium, either commercially or non-commercially, provided that this License, the copyright notices, and the license notice saying this License applies to the Document are reproduced in all copies, and that you add no other conditions whatsoever to those of this License. You may not use technical measures to obstruct or control the reading or further copying of the copies you make or distribute. However, you may accept compensation in exchange for copies. If you distribute a large enough number of copies you must also follow the conditions in section 3.

You may also lend copies, under the same conditions stated above, and you may publicly display copies.

3. COPYING IN QUANTITY

If you publish printed copies (or copies in media that commonly have printed covers) of the Document, numbering more than 100, and the Document's license notice requires Cover Texts, you must enclose the copies in covers that carry, clearly and legibly, all these Cover Texts: Front-Cover Texts on the front cover, and Back-Cover Texts on the back cover. Both covers must also clearly and legibly identify you as the publisher of these copies. The front cover must present the full title with all words of the title equally prominent and visible. You may add other material on the covers in addition. Copying with changes limited to the covers, as long as they preserve the title of the Document and satisfy these conditions, can be treated as verbatim copying in other respects.

If the required texts for either cover are too voluminous to fit legibly, you should put the first ones listed (as many as fit reasonably) on the actual cover, and continue the rest onto adjacent pages.

If you publish or distribute Opaque copies of the Document numbering more than 100, you must either include a machine-readable Transparent copy along with each Opaque copy, or state in or with each Opaque copy a computer-network location from which the general network-using public has access to download using public-standard network protocols a complete Transparent copy of the Document, free of added material. If you use the latter option, you must take reasonably prudent steps, when you begin distribution of Opaque copies in quantity, to ensure that this Transparent copy will remain thus accessible at the stated location until at least one year after the last time you distribute an Opaque copy (directly or through your agents or retailers) of that edition to the public.

It is requested, but not required, that you contact the authors of the Document well before redistributing any large number of copies, to give them a chance to provide you with an updated version of the Document.

4. MODIFICATIONS

You may copy and distribute a Modified Version of the Document under the conditions of sections 2 and 3 above, provided that you release the Modified Version under precisely this License, with the Modified Version filling the role of the Document, thus licensing distribution and modification of the Modified Version to whoever possesses a copy of it. In addition, you must do these things in the Modified Version:

- A.** Use in the Title Page (and on the covers, if any) a title distinct from that of the Document, and from those of previous versions (which should, if there were any, be listed in the History section of the Document). You may use the same title as a previous version if the original publisher of that version gives permission.
- B.** List on the Title Page, as authors, one or more persons or entities responsible for authorship of the modifications in the Modified Version, together with at least five of the principal authors of the Document (all of its principal authors, if it has fewer than five), unless they release you from this requirement.
- C.** State on the Title page the name of the publisher of the Modified Version, as the publisher.
- D.** Preserve all the copyright notices of the Document.
- E.** Add an appropriate copyright notice for your modifications adjacent to the other copyright notices.
- F.** Include, immediately after the copyright notices, a license notice giving the public permission to use the Modified Version under the terms of this License, in the form shown in the Addendum below.
- G.** Preserve in that license notice the full lists of Invariant Sections and required Cover Texts given in the Document's license notice.
- H.** Include an unaltered copy of this License.
- I.** Preserve the section Entitled "History", Preserve its Title, and add to it an item stating at least the title, year, new authors, and publisher of the Modified Version as given on the Title Page. If there is no section Entitled "History" in the Document, create

one stating the title, year, authors, and publisher of the Document as given on its Title Page, then add an item describing the Modified Version as stated in the previous sentence.

- J.** Preserve the network location, if any, given in the Document for public access to a Transparent copy of the Document, and likewise the network locations given in the Document for previous versions it was based on. These may be placed in the "History" section. You may omit a network location for a work that was published at least four years before the Document itself, or if the original publisher of the version it refers to gives permission.
- K.** For any section Entitled "Acknowledgements" or "Dedications", Preserve the Title of the section, and preserve in the section all the substance and tone of each of the contributor acknowledgements and/or dedications given therein.
- L.** Preserve all the Invariant Sections of the Document, unaltered in their text and in their titles. Section numbers or the equivalent are not considered part of the section titles.
- M.** Delete any section Entitled "Endorsements". Such a section may not be included in the Modified Version.
- N.** Do not retitle any existing section to be Entitled "Endorsements" or to conflict in title with any Invariant Section.
- O.** Preserve any Warranty Disclaimers.

If the Modified Version includes new front-matter sections or appendices that qualify as Secondary Sections and contain no material copied from the Document, you may at your option designate some or all of these sections as invariant. To do this, add their titles to the list of Invariant Sections in the Modified Version's license notice. These titles must be distinct from any other section titles.

You may add a section Entitled "Endorsements", provided it contains nothing but endorsements of your Modified Version by various parties--for example, statements of peer review or that the text has been approved by an organization as the authoritative definition of a standard.

You may add a passage of up to five words as a Front-Cover Text, and a passage of up to 25 words as a Back-Cover Text, to the end of the list of Cover Texts in the Modified Version. Only one passage of Front-Cover Text and one of Back-Cover Text may be added by (or through arrangements made by) any one entity. If the Document already includes a cover text for the same cover, previously added by you or by arrangement made by the same entity you are acting on behalf of, you may not add another; but you may replace the old one, on explicit permission from the previous publisher that added the old one.

The author(s) and publisher(s) of the Document do not by this License give permission to use their names for publicity for or to assert or imply endorsement of any Modified Version.

5. COMBINING DOCUMENTS

You may combine the Document with other documents released under this License, under the terms defined in section 4 above for modified versions, provided that you include in the combination all of the Invariant Sections of all of the original documents, unmodified, and list them all as Invariant Sections of your combined work in its license notice, and that you preserve all their Warranty Disclaimers.

The combined work need only contain one copy of this License, and multiple identical Invariant Sections may be replaced with a single copy. If there are multiple Invariant Sections with the same name but different contents, make the title of each such section unique by adding at the end of it, in parentheses, the name of the original author or publisher of that section if known, or else a unique number. Make the same adjustment to the section titles in the list of Invariant Sections in the license notice of the combined work.

In the combination, you must combine any sections Entitled "History" in the various original documents, forming one section Entitled "History"; likewise combine any sections Entitled "Acknowledgements", and any sections Entitled "Dedications". You must delete all sections Entitled "Endorsements".

6. COLLECTIONS OF DOCUMENTS

You may make a collection consisting of the Document and other documents released under this License, and replace the individual copies of this License in the various documents with a single copy that is included in the collection, provided that you follow the rules of this License for verbatim copying of each of the documents in all other respects.

You may extract a single document from such a collection, and distribute it individually under this License, provided you insert a copy of this License into the extracted document, and follow this License in all other respects regarding verbatim copying of that document.

7. AGGREGATION WITH INDEPENDENT WORKS

A compilation of the Document or its derivatives with other separate and independent documents or works, in or on a volume of a storage or distribution medium, is called an "aggregate" if the copyright resulting from the compilation is not used to limit the legal rights of the compilation's users beyond what the individual works permit. When the Document is included in an aggregate, this License does not apply to the other works in the aggregate which are not themselves derivative works of the Document.

If the Cover Text requirement of section 3 is applicable to these copies of the Document, then if the Document is less than one half of the entire aggregate, the Document's Cover Texts may be placed on covers that bracket the Document within the aggregate, or the electronic equivalent of covers if the Document is in electronic form. Otherwise they must appear on printed covers that bracket the whole aggregate.

8. TRANSLATION

Translation is considered a kind of modification, so you may distribute translations of the Document under the terms of section 4. Replacing Invariant Sections with translations requires special permission from their copyright holders, but you may include translations of some or all Invariant Sections in addition to the original versions of these Invariant Sections. You may include a translation of this License, and all the license notices in the Document, and any Warranty Disclaimers, provided that you also include the original

English version of this License and the original versions of those notices and disclaimers. In case of a disagreement between the translation and the original version of this License or a notice or disclaimer, the original version will prevail.

If a section in the Document is Entitled "Acknowledgements", "Dedications", or "History", the requirement (section 4) to Preserve its Title (section 1) will typically require changing the actual title.

9. TERMINATION

You may not copy, modify, sublicense, or distribute the Document except as expressly provided for under this License. Any other attempt to copy, modify, sublicense or distribute the Document is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.

10. FUTURE REVISIONS OF THIS LICENSE

The Free Software Foundation may publish new, revised versions of the GNU Free Documentation License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns. See <https://www.gnu.org/copyleft/>.

Each version of the License is given a distinguishing version number. If the Document specifies that a particular numbered version of this License "or any later version" applies to it, you have the option of following the terms and conditions either of that specified version or of any later version that has been published (not as a draft) by the Free Software Foundation. If the Document does not specify a version number of this License, you may choose any version ever published (not as a draft) by the Free Software Foundation.

ADDENDUM: How to use this License for your documents

Copyright (c) YEAR YOUR NAME.

Permission is granted to copy, distribute and/or modify this document under the terms of the GNU Free Documentation License, Version 1.2

```
or any later version published by the Free Software Foundation;  
with no Invariant Sections, no Front-Cover Texts, and no Back-Cover Texts.  
A copy of the license is included in the section entitled "GNU  
Free Documentation License".
```

If you have Invariant Sections, Front-Cover Texts and Back-Cover Texts, replace the “with...Texts.” line with this:

```
with the Invariant Sections being LIST THEIR TITLES, with the  
Front-Cover Texts being LIST, and with the Back-Cover Texts being LIST.
```

If you have Invariant Sections without Cover Texts, or some other combination of the three, merge those two alternatives to suit the situation.

If your document contains nontrivial examples of program code, we recommend releasing these examples in parallel under your choice of free software license, such as the GNU General Public License, to permit their use in free software.
